

## IDPACC2 - Waterproof standalone proximity card reader and access control

- Standalone card reader
- Waterproof, conforms to IP68
- User capacity: 10,000
- Card interface: 125KHZ EM card
- Remote control for programming
- With Manager cards for fast add and delete users
- Wiegand26 input/output
- Can be used as slave reader
- 2pcs can be interconnected/interlocked
- Can be used as controller by connection slave reader
- Anti-submarine back function
- Alarm signal output, Door open detection
- Full of 10,000 users, recognizing speed < 15ms

Supply Voltage	DC12V $\pm$ 10%
Sleeping Current	< 15mA
Card type	125KHZ EM card
Card reading distance	5~10cm
Wiegand Interface	Wiegand26
Temperature	-20° C ~ 60° C
Humidity	20%-98% RH
Lock Output Load	Max 20A
Alarm Output Load	Max 20A
Manager card	Two
Dimensions	103 x 48 x 23 mm
Net Weight	300 g
